ABOUT ME

Hello, my name is Ammaridho. I am very enthusiastic about Technology and Informatics, especially expertise in developing website-based software and many other Technology Projects. I really enjoy learning new technologies. My latest education is a Bachelor of Informatics Engineering with a GPA of 3.72 and Cum Laude honors. Currently, I have been working for 4 years as a web developer and software engineer. Work Smart and Get It Done, that's my motto and I believe in it.
